

Resolution of a Season Team Tie from our By Laws, plus Class Shoot Offs

2013/2014 Season

I wanted all involved in the scoring to ensure they had an understanding of how the by-laws read, so please see below:

19. Resolution of a Season Team Tie – The shoot-off is to be held at the Loot Shoot. Each participating club will pick their five shooters that will participate in the resolution of the tie shoot-off (regular skeet; team total score vs. team total score). Members participating must have shot in at least 4 current year league shoots prior to the shoot-off. Each club shall determine their own shooter order on their squad. The tying teams will shoot against each other in the following order:

Team 1 – 1st shooter vs. Team 2 – 1st shooter

Team 1 – 2nd shooter vs. Team 2 – 2nd shooter

And so on. If more than 2 teams tie, the same general order applies. If any club involved in the tie is unable to field their team at the Loot Shoot, they shall forfeit.

Resolution of season individual ties by class (regular skeet, miss and out by target) to be broken at The Loot Shoot. If any shooter doesn't appear at the Loot Shoot, that party shall forfeit. If all parties don't appear, the prizes shall be forfeited and no winner declared.

Resolution of Loot Shoot Team Tie - shoot-off. The tying teams will shoot against each other in the following order, keeping the same order they shot their original round in:

Team 1 – 1st shooter vs. Team 2 – 1st shooter

Team 1 – 2nd shooter vs. Team 2 – 2nd shooter

And so on. If more than 2 teams tie, the same order applies. (regular skeet, miss and out by target). All teams participating must have the same number of shooters, so if the teams are unequal, the team must decide which shooter is to be eliminated to make the teams equal.

Resolution of Loot Shoot individual ties by class (regular skeet, miss and out by target)

It is important that if any shooter shall miss a target, they will finish the station as long as the outcome isn't a forgone conclusion

The teams are as follows:

Jeff, please confirm that the above is correct, based on my understanding of the by-laws.
